

# Treffpunkt Willkommenscafé

At present “Welcome Cafés” are being offered in co-operation with the Welcome Team in 3 different Norderstedt church parishes. The Welcome Cafés are places for many different people and events: Here you can get to know new neighbors and meet old friends. This applies to refugees as well as to long-established citizens of Norderstedt. You can play games and have fun with one another. You can listen, laugh and weep together and speak German with one another. And people who are searching for information are also in the right place here. We will be glad to see all neighbors who simply look in!
